I had to buy this book as a required text and it is not very good. The good news is that it's relatively small (for a casebook) the bad news is that the text has a ton of superfluous sections, and as with all the WK books with the red cover, the pages are off-white, which strains my eyes much more than the clean white of many other casebooks.

This casebook provides little clarity and will leave younger students baffled. The relevant laws are provided but the cases chosen are lengthy and not particularly instructive.

Book was as describes, arrived when promised, great price!

Really good condition, it seems new!
