Customer Reviews

This is a worthless book. Basically a few dozen sentences repeated, put in a different order, phrased differently. should be ashamed for selling something like this and Mr. Zike needs to reevaluate his morals and ethics and go back and write a real book. This is not even worthy of being called a "book." Read the Wikipedia article on paralegals instead. It is packed with more information in far fewer words and it is free. I will be on the lookout for Mr. Zike's name and never buy anything by him again!
