Thinking Like A Writer: A Lawyer's Guide To Effective Writing And Editing

PDF Download
Thinking Like a Writer: A Lawyers Guide to Effective Writing and Editing gives you the specialized knowledge and techniques to draft clear and compelling legal documents, no matter how complicated the issues involved. Featuring drafting exercises and examples, Thinking Like a Writer enables you to craft introductions that: engage readers from the start -- develop a credible, professional writing persona -- write strong, streamlined sentences that bring subjects into clear focus -- create logically-linked paragraphs that carry readers forward smoothly -- break up information stylistically and graphically to enhance comprehension -- use syntax, verbs, and varied sentence lengths to keep readers attention -- instill writing with added grace and imagination -- communicate with different audiences, including clients, associates, senior lawyers, and judges -- and identify drafting problems, understand their causes, and find the right editorial solutions.

Thinking Like a Writer shows you how to blend reason and emotion, detail and simplicity, concrete language and metaphors, to ensure that your legal writing does full justice to your legal thinking.

Updated as needed, Thinking Like a Writer: A Lawyers Guide to Effective Writing and Editing is a vital working handbook for attorneys and a useful reference for judges and paralegals.

**Customer Reviews**

This book gives great advice on how to make your legal writing more effective. The key point to understand with legal writing is that it’s supposed to be a tool to help the reader either make a decision or understand the effects of certain actions. The reader is supposed to get smarter after every sentence and by the end of it he knows what he’s supposed to do or what is going to happen.
This book does a great job of teaching you how to write so that this happens for the reader. A lot of times when us lawyers write we have all this information in our heads from all this research, so we do this information dump onto the page because we are exhausted or plain sick of it and want to get it over with. There are two problems with this. Many lawyers don't organize the information and/or they leave out information. This makes reading opinions and arguments confusing and frustrating for the reader which is the complete opposite of what legal writing is supposed to be about. This book shows you what to do so that this doesn't happen. I like it because every piece of advice is principled. Actually, most of it is stuff you feel like you should already know, but somehow it didn't cross your mind. That's why I loved it. I wasn't afraid to put the advice into action because it all made sense to me. All in all, a great book. Surprised it doesn't have more reviews from law students.

CON: The examples/before and afters are WAY TOO LONG. I didn’t even read most of them because I don’t care to read a 15 page opinion and then read a better version of it.

I have long been a fan of the authors. This edition is expanded from the original. It's no 'quick fix' but if you apply their principles, the effectiveness and impact of your legal/professional writing will vastly improve.

This book is excellent. I generally do not write reviews but this book warrants one. Extremely useful and shows you how to master the fundamentals of good legal writing. I hope that the authors come out with a new edition.

I bought this book on the advice of a young practicing attorney and it is truly a book that makes legal writing easier. It breaks down the essentials that one should keep in mind when doing any kind of writing and creates a framework for legal organization and relevance. The language used is clear and precise and I prefer the familiar tone of voice the authors use instead of the strict and formal voice employed by many other legal writing references.

My Professor, who is an attorney, at my college recommended this book. It is a very good book. Can refer back to it constantly. Couldn't live without the book concerning legal writing.

THINKING LIKE A WRITER, 3RD EDITION is the #1 resource for lawyers and law students who need help with their legal writing skills. This comprehensive textbook includes numerous illustrative examples and effective tips to help you improve your legal writing, including letters, emails,
memoranda, briefs and judicial opinions. This ground-breaking book is designed to revolutionize the way you think about legal writing, as it takes you step-by-step through legal drafting and editing. Sections include: Creating Organizational Clarity (creating an aesthetically pleasing document), Writing for Impact (engaging the reader), Creating "Micro" Clarity (focuses on paragraph and sentence structure), The Nuances of Excellence (style, the art of persuasion), and Bringing It All Together (Editing - principles, techniques and application). I strongly recommend this book for law firm training programs seeking to improve lawyers' writing skills, as well as incoming law students and recent graduates who want to enter the profession at the top of their writing game!

This is a brilliant book. Essential for all lawyers, students, etc. Simply the best law book I've ever gotten. My grades have gone up so much because of this

Such a helpful book for lawyers who want to write better. Writing is so important for success, this book will teach you how to write in a legal world. A must buy.
