Summary: Dove Glitch is embarrassed about everything above her knees and below her belly button. When she has to fill a delicate, embarrassing prescription the last thing she needs is a sexy-as-hell (and brand spanking new) pharmacist behind the counter. Johnson Fitzwell's first day of his dream career also happens to coincide with the exact moment Dove needs her feminine meds filled. His glorious voice is way too loud "as in, he should be counting down the hits with Ryan Seacrest kind of loud. Thanks to Johnson's handsome face and gorgeous jaw line, Dove dives headlong into her waking nightmare and asks for a vagina-scented cream. How could she not fall for him? Dove's only active goal now is to get Johnson to kiss her right on the lips. Either set. However, his horrible girlfriend is one of many obstacles preventing her from making that fantasy a reality. When Dove defends Johnson in the most unhygienic, unconventionally gross way in the middle of a crowded restaurant, their tender, slightly tantric relationship is off to a galloping, farting start. Each print copy of this book will be dipped in holy water by my mom and glared at by my father as he purses his lips. Neither will help. So, drop your pants, turn to the left and cough. I hope you're not allergic to latex, because it's time to fill your prescription. Anally.

## Customer Reviews

This is the "don't go alone" tag team review with my blogmate and fellow glutton for punishment, Rachel. Complimentary copy provided by the author in exchange for an honest review, because she's a sadist like that. RM â " Oh my word, what have I just read?! I was laughing so hard only a

few pages in. In fact I have never laughed so hard reading in a book in my life, I was actually CRYING from a mixture of amusement and embarrassment! This was so completely and utterly silly with plenty of toilet humor and utterly stupid situations and I had no clue where Debra was going to take this. Debra didn't disappoint, in fact, it was like reading one long status update from her Facebook page! Christina, how did you find this book? CM - I'm with you. I have no idea what I just read, and not sure what reaction I should have to it! It's a little like when you feel a stomach bug coming on, you're unsure which end it's coming out of but you know whatever it is, it's going to be explosive! And you're right, I haven't laughed that much at a book in like a year? CM - So what did you think of the characters? I nearly wet myself when we learn just how far Dove is willing to go to not be seen in public buying feminine hygiene products! What did we all do before !?! And the opening scene - I swear to god I've lived through that horror, or at least I feel like I have. The pharmacist that is just a bit louder than he needs to be telling the rest of the shoppers your business - I'm sure we've all been through something similar! The personalities were all very over the top but I think that was part of the appeal. They were likeable in their absolute absurdity. RM - Yes! The pharmacy scene is something that we can all relate to!

I received a free copy of this book to read and review for Wicked Reads. Based on the information I received when signing up to read *Fire Down Below*, Ms. Anastasia wrote this book years ago as fanfiction. Having read the book, I can only assume the idea came to her after watching *Dumb and Dumber* while smoking some less than legal substance and thought it would be AWESOME to create a female version of that madcap duo and shove them both into Dove. Thankfully she came to her senses before subjecting the rest of the reading world to the book. That is, until recently when she apparently had one too many bottles of wine with friends and thought it would be a great idea to expose readers to *Gynazule*. That, or she's set out to prove that ANYBODY can write ANYTHING and sell it on (and other ebook retailers). Initially I wasn't going to read this book. For goodness sakes people, the leading man's name is Johnson Fitzwell and the blurb contains the words vagina and farting, and basically tells you to prepare for a prostate exam. Besides, our blog had five people signed up to review it and I had books featuring testosterone-filled alpha males that I've been waiting to read. Hockey player vs. pharmacist - no contest there. Then the ladies started dropping like flies, unable to finish it - we had three women down, traumatized by what little bit they did read. When we finally get a review in, it's a 2-star review. At this point I HAVE to check it out. Now I'm still not planning to read it, but I have got to know what is sending the review team running for therapy and eye & brain bleaching. So this evening, while I was setting up

the following dayâ€™s blog posts, I turned on the Text-to-Speech feature on my Kindle Fire so I could listen and work.

What the f\_ck??? I'm not sure if I should warn you or look the other way and laugh while you digest this book on your own ... I was warned ... but it doesn't do any good anyway ... Happy Reading!!! Fire Down Below has got to be the weirdest, funniest, disgusting book that I think I have ever read!! There are parts of this book where I was laughing so hard I literally could not breathe and others well I am still trying to cleanse my mind. Dove seems to be pretty quiet, kind of awkward, clumsy, and all around just a little uncomfortable in her own skin. However she does have "the twitter" and she's a little sex kitten on there ... she really comes alive!! Her and her crazy cat Steve are a disaster of epic proportions for the most part. She has two girl friends that live in her building as well and they too are a little on the strange side. Shannon and Flower ... Flower only speaks 10 words a day and loves broken Christmas ornaments ... not weird right ... WTF?? Duke is Dove's downstairs neighbor and well lets just say that he is awesomely weird. He walks around in his undies most of the time, he is obsessed with sausage, and he never closes his door. Then we have The Anastasia's that also live in the building ... the misses is a porn writer, and these two chase each other around in crazy weird outfits and are overtly sexual ... I loved them! So Dove has a little issue "downstairs" and has to fill a prescription at the pharmacy, where she meets a new hot pharmacist, Johnson Fitzwell (LOVE THE NAME). It's his first day on the job so he is more than thorough, making sure that Dove has no questions about her vag cream. She of course is mortified and the events that unfold after their first meeting don't get any better!!!
