The Worldâs Funniest Lawyer Jokes Steven D. Price is the author or editor of more than 35 books. Price trained as a lawyer, but is a writer and editor; he lives in New York City. This 2011 book has an âIntroductionâ and six chapters in its 228 pages. Why are lawyers the butt of so many jokes? Most people only meet a lawyer under stressful conditions: divorce, contested will, criminal charges, personal injury cases, mortgage foreclosures, etc. (âIntroductionâ). The

British divide lawyers into two classes: barristers try cases in court, and solicitors deal with paper work. Most of these jokes use an old pattern: they lead you into one direction only to surprise you with an unexpected ending. This is not a book to strain your brain, unless you question the settings and assumptions. There are a lot of white spaces in this book. Some of these chapters are more interesting than others. Chapter Two "Asked and Answered" has quotes from real trials, it seems (pp.126-139). Chapter Five "Trials and Tribulations" has a list of ridiculous lawsuits. It is the duty of a judge to decide whether or not to allow a suit to proceed. The chapters have pictures of lawyers but no identification of them. Their style of dress suggests the late 19th century to early 20th century. Does anybody recognize them? Since most of these jokes imply American (or British) settings, how can they be "the world's" funniest jokes? Are there lawyer jokes in Europe with its Civil Law system? Are there countries that do not have a legal profession? They used to have lawyer shows on television (like private eye shows) but not currently. METV has reruns of "Perry Mason" and "Matlock", and other old TV shows that you won't find anywhere else.
