

Synopsis

The seventh edition of this popular student supplement retains the cradle-to-grave ordering of prior editions and is updated to reflect recent changes in the law. It features an expanded discussion of S corporations and consolidated groups, use of disregarded entities, liberalization of shareholder debt rules, and basis recovery in redemptions and reorganizations. Full of examples with explanations of both how and why the system works as it does, this book can be used alongside any standard casebook. It may also be used as a primary text for those who emphasize the problem method and have developed their own problem set.

Book Information

Series: Concepts and Insights

Paperback: 464 pages

Publisher: Foundation Press; 7 edition (April 30, 2013)

Language: English

ISBN-10: 1609300521

ISBN-13: 978-1609300524

Product Dimensions: 9.3 x 6.3 x 0.7 inches

Shipping Weight: 12.6 ounces (View shipping rates and policies)

Customer Reviews

If you are new to corporate taxation, this is the best textbook.

Abrams may know the IRC but he does an awful job communicating. I have no idea which company he refers to half time.
