Excellent insight into the criminal justice system. The text itself has a few typos, but the concepts are on point. At first glance the case studies don't seem to relate to the subject matter...however, if you read the chapter first are as each chapter refers to the case...it ties together.

it got here on time in really good condition. minor wear and tear, beats buying it new if you only need it for a few months. i liked the fact that there was no writing in it. you cant go wrong renting this product for your class!

I chose this rating because it is a rental and the book is in great condition almost brand new, only one small defect , but i was assuming the book was going to loo worse, I recommend this book

whether you're taking the class that requires the book or not, is knowledge you can use, especially it helps a lot if you want to exercise a career out of it,

This book had everything I needed for my class. It was a little on the very used side though. It has a few torn pages and the binding is coming apart. Not bad for a used rental though.

Had some wear and tear, but that's to be expected. Much cheaper than a new version, and the highlights have actually been fairly helpful. It arrived quickly, much quicker than estimated.

It is easy to read, interesting, and was in excellent shape. Also, the price was very competitive.

Just as described. book rentals always save me time and money.

Received this text book very quick. Exactly as described.
