A good book with a sample pre-marital agreement. my advice is to draw up such and agreement and then take it to a lawyer that specializes in this and finalize it. 5 stars because it is important information. Covers the following: What is a premarital agreement, why you need a premarital agreement, Inheritance and divorce laws, Post-marital agreements, When you need a lawyer, Working with a lawyer, Preparing a premarital agreement without a lawyer, Second marriages, Children from previous marriages, Modifying a premarital agreement, Canceling a premarital agreement, Community property, Talking to your partner.

I used this book to write my Premarital agreement. After I was married, I had a attorney review what I had done. He was impressed with what I had done (not being in the law system at all). I would recommend this book. But it will take much longer than you think to write your agreement, so start early.
