## Customer Reviews

First off, this book is 144 pages, making it larger than most of the other Pojo's books. Nice! This book is broken down into a few sections: Anime, TCG, DDM & Video Games. Anime - BAZ from TVTome does about 10 pages of character bios, and 20 pages on the anime storylines so far. Including a glimpse at things to come. Trading Card Game - The bulk of the book. There are Top 10 Lists from all the sets (2 pages on each set). Then Decks to Beat by some of the best players in the world, and a lot of strategy articles and puzzles. Dungeon Dice Monsters - Never played it, but there's an article on it. Video Games - Pojo dedicates 1/2 page to every YuGiOh Video Game, and reviews them all. There's more than a dozen games, so it's a decent section. Overall, for about \$10, this is well worth your money. About the same price as Beckett's YuGiOh magazine, but bigger and way better.
