# Health Care Law And Ethics In A Nutshell

## Synopsis

Public policy responses to escalating medical costs and constrained access pose fundamental challenges to health care law. Profound medical advances also generate many ethical dilemmas. This authoritative discussion considers how law and ethics respond to these driving social, economic, and political forces of innovation, crisis and reform. Topics include health care finance and delivery structures, treatment relationships, facility and insurance regulation, corporate and tax law, refusal of life support, organ donation, and reproductive technologies.

## Book Information

Series: Nutshell

Paperback: 512 pages

Publisher: West Academic Publishing; 3 edition (June 28, 2011)

Language: English

ISBN-10: 0314209875

ISBN-13: 978-0314209870

Product Dimensions: 0.8 x 5 x 7.2 inches

Shipping Weight: 15.2 ounces (View shipping rates and policies)

Average Customer Review: 3.0 out of 5 stars [See all reviews](#) (3 customer reviews)

## Customer Reviews

Not very helpful or up to date. This book is not relevant in regards to new statues and case law. This may have been a good book a few years ago, however, there are newer editions of the textbook but not the supplement.

I read the book out of curiosity to establish the difference, if any, which might have existed with the content of a text of different origin describing the health care laws in CANADA. which is also bound by the common law, allegedly the same as the law behind the writings of the book concerned in this review. Given that my expectation and the fact was that there may well be similar legal application in US/CAN medical care delivery the book in review does not clearly demonstrate such. I feel that it is a more advance elaboration about the underlying nature of health care ethics than a basic

discussion of common law underlying case law description. It is nonetheless a very good book of information with respect to the distribution of health care. It is not a legal text as I had expected to obtain. However, it preciously adds to the knowledge of common law which I acquired in a Canadian University common laws program in OTTAWA CANADA.

a terrific and inexpensive book that hits the major ideas
