Black's Law Dictionary is a must have if you are seeking any real sense of what Law is and how it operates and how Law is used in everyday life .When you are in a court arena you are in a world that has its own language and rules and regulations .I have the 6th edition and interested in getting an earlier edition also . The BLD will help anyone enhance their awareness of legal terminology...helps one to Know the Ledge.....

As a beginning law student, I've heard over and over again about how Black's is virtually a required book for all law students (and rightfully so). I ran out this summer and bought the hardcover book. As school is now underway, I've had to buy the paperback as well. I'm not lugging that huge book to class everyday! Just a tip so that you don't invest as much \$\$ as I have in one book :-)

After having wished for the latest version of the Black's Law Dictionary, and having received it, I quickly realized that edition 9 is horrible. Both editions 5 and 6 are fantastic. So, yes this 6th Edition gets a 5-star rating. I would give it a 7-star if available.

BLACK'S LAW DICTIONARY HELPS DEFINE THE MEANING OF WORDS AND CONCEPTS USED IN LAW. THE LAW LANGUAGE IS PURPOSEFULLY DECEPTIVE TO KEEP THE GENERAL PUBLIC FROM UNDERSTANDING AND THEREFOR USING THE LAW OR FEELING COMFORTABLE IN A COURT OF LAW. THIS BOOK NEEDS TO BE ON EVERYONES SHELF.

If you plan on doing your own litigation as a pro se or you want to be an aspiring attorney then you need to have this in your library

Bank attorneys are scumbags...that much is clear. So you need some legal background and this book helps. If you are fighting a corrupt court filled with bank attorney stooges then take a look at this book.VERY useful!!Know what words mean!

If you plan your own litigation as a pro se or just want to know some legal definition that you found in a contract, then this is the ticket.This is the genuine article. Do not depend on some lame web page definition, get the real deal.You will never be sorry that you picked up this valuable reference.

I like Black's Law Dictionary because it gives me clearly-explained definitions of legal terms I hear in the news and don't really understand. Not only am I understanding words used in law, I get to learn the pronunciations of most of them. I am a retired teacher, and I have begun taking a paralegal class just because I want so much to learn more about the law for my own self-enrichment.
